  - Job Costing

## Switch from QuickBooks<sup>7</sup>

Peachtree includes a detailed conversion utility designed to make it easy to convert your QuickBooks data yourself. The simple wizard format steps you through the process and explains each of your options.

### [Track Your Results](#)

#### Save Time on Routine Transactions

- **New:** View the details you need all in one place to better manage and service your customers
- Stay organized by attaching files related to your Peachtree records
- **New:** Store virtually unlimited contacts<sup>8</sup> for every customer in Peachtree!

#### Get a Snapshot of Your Business

At a glance, the Business Status Center dashboard provides a high-level view of your key business metrics: print data, create a PDF, or e-mail it.

- View important information from a central location
- Drill down to detailed information
- Customize and sort data to suit your needs

### [Control Your Business](#)

#### Business Management

- Receivables/Collections Tools
- General Ledger Capabilities
- Payment Processing
- Manage Job/Project Costing
- Inventory Tracking Capabilities
- Premium Exclusive Feature: Use serialized inventory capability to track warranty claims, recalls, and more
- Choose LIFO, FIFO, Average, or Specific Unit Costing

#### Manage Cash Flow

Analyze and forecast your expected payments and receipts. Confirm that you have enough cash to meet current and upcoming obligations. Export forecasts to Microsoft Excel.
